Home sales	Sales value (AED)	Avg price per sq ft (AED)	Off-plan share	Avg deal size (AED M)

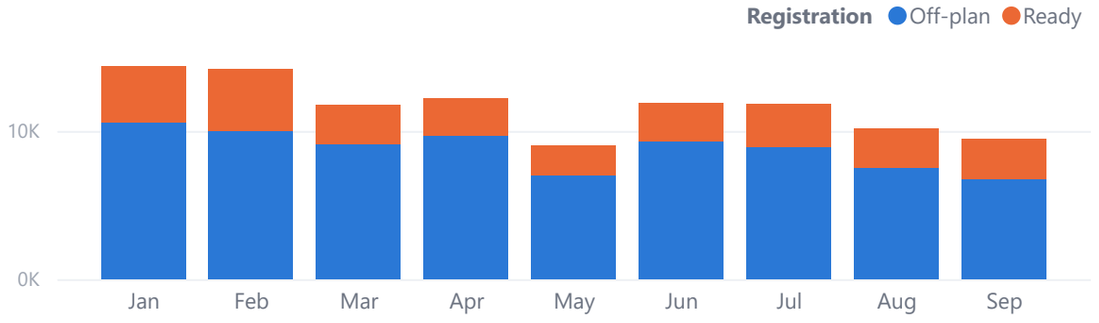

Sales per month

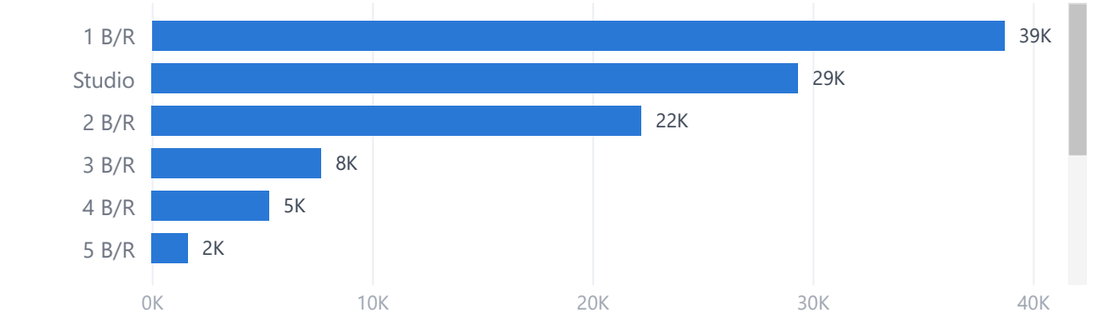

Average price per sq ft (AED) — simple average

Off-plan vs ready sales per month

What people buy: sales by bedrooms

Are prices really falling?

Like-for-like apartment price index vs the simple average (January 2026 = 100)

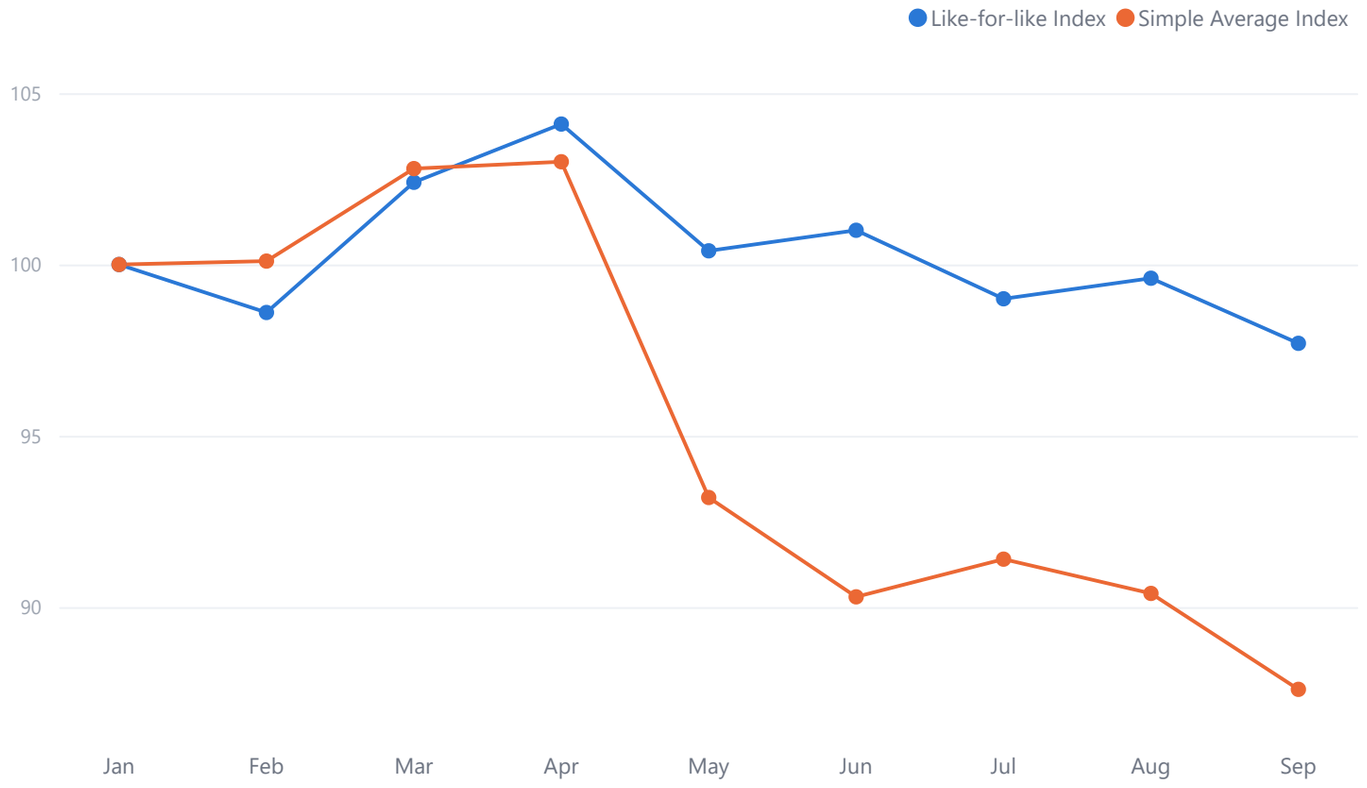

-2.3%
Like-for-like price change, Jan → Sep

-12.4%
Simple average change, Jan → Sep

-10.1
Explained by area mix (index points)

Why they differ: the simple average falls when more sales happen in cheaper areas. The like-for-like index keeps the same 47 apartment areas with fixed weights, so it only moves when prices really change.

Apartment price index (January 2026 = 100)

Monthly index values

Month	Like-for-like index	Simple avg index	Like-for-like AED/sq ft	Simple avg AED/sq ft
Jan 2026	100.0	100.0	1,773	2,159
